

3-Motor Longopac Dust Collector CH-9000LH

Himon®
HYUN JIN INDUSTRIAL CO., LTD.

Dust - Free Systems HEAVY-DUTY VACUUM

CH-9000LH

With Longopac, High Adjustable

■ Features & Benefits

- Vertical unit is easy to maneuver and transport
- Maintenance friendly design with easily replaceable filters
- Auto filter cleaning system by one touch selector switch
- PTFE Filter to collect up to 0.3 micron
- LONGOPAC and Dust Bag(LDPE) offers easily for debris disposal
- 3 steps motor operating, max, air flow of 330 cfm by 3600w(4.7HP)
- Offers virtually dust-free operation for scarifiers, grinders and polishers

Height Adjustable

■ Specifications

Model	CH-9000LH
Volatage	220V 50/60Hz
Power	3600W(1200W×3, 4.7HP)
Airflow	330 cfm
Hose	2in./3in.[50Ø /75Ø]
Power cord	10m [33 ft.]
Dimension	75×67×150cm
Weight	75Kg
Filter size	35×24×35cm

※ 110V Available

Option : Secondary Filter (Ultra HEPA) Kit for vacuuming Asbestos, Silica, etc.

Ultra HEPA filter
Particle Collection Rate 99.997%
at 0.3 micron (µm) Particle Size

Adjustable Height

Longopac / Plastic Bag
Available

PTFE HEPA Filter
(Captures fine dust &
debris 99.259% at 0.3µm)
